

STERIS Announces Financial Results for Fiscal 2021 Second Quarter

November 2, 2020

- **Second quarter revenue increases 3% as reported; 2% constant currency organic**
- **Second quarter earnings per diluted share increase to \$1.23 on a U.S. GAAP basis and \$1.48 on an adjusted basis**
- **Increased cash flow driven by net income growth and working capital improvements**

DUBLIN, IRELAND, Nov. 02, 2020 (GLOBE NEWSWIRE) -- STERIS plc (NYSE: STE) ("STERIS" or the "Company") today announced financial results for its fiscal 2021 second quarter ended September 30, 2020. Revenue as reported for the quarter increased 3% to \$756.1 million compared with \$736.8 million in the second quarter of fiscal 2020, with growth in Life Sciences and Applied Sterilization Technologies somewhat offset by a decline in Healthcare. Constant currency organic revenue (see Non-GAAP Financial Measures) increased 2% for the second quarter of fiscal 2021.

"Our second quarter results demonstrate the resilience of our business and the good work by STERIS Associates," said Walt Rosebrough, President and Chief Executive Officer of STERIS. "Our revenue growth reflects the improvement in procedure volumes during the quarter as well as continued strength in segments with exposure to COVID-19 related products and services. Although our first half performance has exceeded our expectations, due to the continued uncertainty surrounding COVID-19, we are not providing guidance at this time."

As reported net income for the second quarter increased to \$105.9 million or \$1.23 per diluted share, compared with \$94.8 million, or \$1.11 per diluted share in the second quarter of fiscal 2020. Adjusted net income (see Non-GAAP Financial Measures) for the second quarter of fiscal 2021 increased to \$127.3 million, or \$1.48 per diluted share, compared with the previous year's second quarter of \$113.1 million or \$1.32 per diluted share.

Second Quarter Segment Results

Healthcare revenue as reported declined 3% in the quarter to \$470.9 million compared with \$485.3 million in the second quarter of fiscal 2020. This performance reflected a 6% increase in consumable revenue and flat service revenue offset by a 14% decline in capital equipment revenue. Constant currency organic revenue also declined 3% during the quarter. Healthcare operating income was \$104.8 million compared with \$103.0 million in last year's second quarter. The increase in profitability was primarily due to lower operating expenses due to business disruption from COVID-19.

Fiscal 2021 second quarter revenue for **Applied Sterilization Technologies** increased 11% as reported to \$169.5 million compared with \$152.9 million in the same period last year. Constant currency organic revenue increased 9%, driven primarily by increased demand from medical device Customers as procedure volumes rebounded in the quarter. Segment operating income was \$76.8 million in the second quarter of fiscal 2021 compared with operating income of \$65.4 million in the same period last year primarily due to the increased volume and lower travel expenses.

Life Sciences second quarter revenue as reported grew 17% to \$115.7 million compared with \$98.7 million in the second quarter of fiscal 2020, driven by 31% growth in consumable revenue, 10% growth in capital equipment revenue and 3% growth in service revenue. Constant currency organic revenue grew 16% in the quarter. Operating income was \$46.4 million compared with \$32.3 million in the prior year's second quarter, primarily driven by increased volume and revenue mix.

Cash Flow

Net cash provided by operations for the first six months of fiscal 2021 was \$296.1 million, compared with \$260.0 million in fiscal 2020. Free cash flow (see Non-GAAP Financial Measures) for the first six months of fiscal 2021 was \$185.6 million compared with \$162.0 million in the prior year period. The increase in free cash flow is primarily due to increases in net income and working capital improvements.

Dividend Announcement

STERIS's Board of Directors has approved a quarterly interim dividend of \$0.40 per share. The dividend is payable December 18, 2020 to shareholders of record at the close of business on November 24, 2020.

Conference Call

As previously announced, STERIS management will host a conference call tomorrow, November 3, 2020 at 10:00 a.m. ET. The conference call can be heard at www.steris-ir.com or via phone by dialing 1-833-535-2199 in the United States or 1-412-902-6776 internationally, then asking to join the conference call for STERIS plc.

For those unable to listen to the conference call live, a replay will be available beginning at 12:00 p.m. ET on November 3, 2020, either at www.steris-ir.com or via phone. To access the replay of the call, please use the access code 10148162 and dial 1-877-344-7529 in the United States or 1-412-317-0088 internationally.

Non-GAAP Financial Measures

Adjusted net income, adjusted EBIT, free cash flow and constant currency organic revenue are non-GAAP measures that may be used from time to time and should not be considered replacements for GAAP results. Non-GAAP financial measures are presented in this release with the intent of providing greater transparency to supplemental financial information used by management and the Board of Directors in their financial analysis and operational decision making. These amounts are disclosed so that the reader has the same financial data that management uses with the belief that it will assist investors and other readers in making comparisons to our historical operating results and analyzing the underlying performance of our operations for the periods presented. The Company believes that the presentation of these non-GAAP financial measures, when considered along with our GAAP financial measures, provides a more complete understanding of the factors and trends affecting our business than could be obtained absent this disclosure.

Adjusted net income excludes the amortization of intangible assets acquired in business combinations, acquisition related transaction costs, integration costs related to acquisitions, redomiciliation and tax restructuring costs, COVID-19 incremental costs, and certain other unusual or non-recurring items. COVID-19 incremental costs includes the additional costs attributable to COVID-19 such as enhanced cleaning protocols, personal protective equipment for our employees, event cancellation fees, and payroll costs associated with our response to COVID-19, net of any government subsidies available. STERIS believes this measure is useful because it excludes items that may not be indicative of or are unrelated to our core operating results and provides a baseline for analyzing trends in our underlying businesses.

The Company defines free cash flow as cash flows from operating activities less purchases of property, plant, equipment and intangibles, plus proceeds from the sale of property, plant, equipment, and intangibles. STERIS believes that free cash flow is a useful measure of the Company's ability to fund future principal debt repayments and growth outside of core operations, pay cash dividends, and repurchase ordinary shares.

To measure the percentage organic revenue growth, the Company removes the impact of significant acquisitions and divestitures that affect the comparability and trends in revenue. To measure the percentage constant currency organic revenue growth, the impact of changes in currency exchange rates and acquisitions and divestitures that affect the comparability and trends in revenue are removed. The impact of changes in currency exchange rates is calculated by translating current year results at prior year average currency exchange rates.

Because non-GAAP financial measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names. These adjusted financial measures should not be considered in isolation or as a substitute for reported sales, gross profit, operating income, net earnings and net earnings per diluted share, the most directly comparable GAAP financial measures. These non-GAAP financial measures are an additional way of viewing aspects of the Company's operations that, when viewed with GAAP results and the reconciliations to corresponding GAAP financial measures below, provide a more complete understanding of the business. The Company strongly encourages investors and shareholders to review its financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure.

Forward-Looking Statements

This release and the referenced conference call may contain statements concerning certain trends, expectations, forecasts, estimates, or other forward-looking information affecting or relating to STERIS or its industry, products or activities that are intended to qualify for the protections afforded "forward-looking statements" under the Private Securities Litigation Reform Act of 1995 and other laws and regulations. Forward-looking statements speak only as to the date the statement is made and may be identified by the use of forward-looking terms such as "may," "will," "expects," "believes," "anticipates," "plans," "estimates," "projects," "targets," "forecasts," "outlook," "impact," "potential," "confidence," "improve," "optimistic," "deliver," "orders," "backlog," "comfortable," "trend", and "seeks," or the negative of such terms or other variations on such terms or comparable terminology. Many important factors could cause actual results to differ materially from those in the forward-looking statements including, without limitation, disruption of production or supplies, changes in market conditions, political events, pending or future claims or litigation, competitive factors, technology advances, actions of regulatory agencies, and changes in laws, government regulations, labeling or product approvals or the application or interpretation thereof. Other risk factors are described in STERIS's other securities filings, including Item 1A of our Annual Report on Form 10-K for the year ended March 31, 2020. Many of these important factors are outside of STERIS's control. No assurances can be provided as to any result or the timing of any outcome regarding matters described in STERIS's securities filings or otherwise with respect to any regulatory action, administrative proceedings, government investigations, litigation, warning letters, cost reductions, business strategies, earnings or revenue trends or future financial results. References to products are summaries only and should not be considered the specific terms of the product clearance or literature. Unless legally required, STERIS does not undertake to update or revise any forward-looking statements even if events make clear that any projected results, express or implied, will not be realized. Other potential risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements include, without limitation, (a) the impact of the COVID-19 pandemic on STERIS's operations, performance, results, prospects, or value, (b) STERIS's ability to achieve the expected benefits regarding the accounting and tax treatments of the redomiciliation to Ireland ("Redomiciliation"), (c) operating costs, Customer loss and business disruption (including, without limitation, difficulties in maintaining relationships with employees, Customers, clients or suppliers) being greater than expected following the Redomiciliation, (d) STERIS's ability to meet expectations regarding the accounting and tax treatment of the Tax Cuts and Jobs Act ("TCJA") or the possibility that anticipated benefits resulting from the TCJA will be less than estimated, (e) changes in tax laws or interpretations that could increase our consolidated tax liabilities, including changes in tax laws that would result in STERIS being treated as a domestic corporation for United States federal tax purposes, (f) the potential for increased pressure on pricing or costs that leads to erosion of profit margins, (g) the possibility that market demand will not develop for new technologies, products or applications or services, or business initiatives will take longer, cost more or produce lower benefits than anticipated, (h) the possibility that application of or compliance with laws, court rulings, certifications, regulations, regulatory actions, including without limitation any of the same relating to FDA, EPA or other regulatory authorities, government investigations, the outcome of any pending or threatened FDA, EPA or other regulatory warning notices, actions, requests, inspections or submissions, or other requirements or standards may delay, limit or prevent new product or service introductions, affect the production, supply and/or marketing of existing products or services or otherwise affect STERIS's performance, results, prospects or value, (i) the potential of international unrest, economic downturn or effects of currencies, tax assessments, tariffs and/or other trade barriers, adjustments or anticipated rates, raw material costs or availability, benefit or retirement plan costs, or other regulatory compliance costs, (j) the possibility of reduced demand, or reductions in the rate of growth in demand, for STERIS's products and services, (k) the possibility of delays in receipt of orders, order cancellations, or delays in the manufacture or shipment of ordered products or in the provision of services, (l) the possibility that anticipated growth, cost savings, new product acceptance, performance or approvals, or other results may not be achieved, or that transition, labor, competition, timing, execution, regulatory, governmental, or other issues or risks associated with STERIS's businesses, industry or initiatives including, without limitation, those matters described in our Annual Report on Form 10-K for the year ended March 31, 2020, and other securities filings, may adversely impact STERIS's performance, results, prospects or value, (m) the impact on STERIS and its operations, or tax liabilities, of Brexit or the exit of other member countries from the EU, and the Company's ability to respond to such impacts, (n) the impact on STERIS and its

operations of any legislation, regulations or orders, including but not limited to any new trade or tax legislation, regulations or orders, that may be implemented by the U.S. administration or Congress, or of any responses thereto, (o) the possibility that anticipated financial results or benefits of recent acquisitions, including the acquisition of Key Surgical, or of STERIS's restructuring efforts, or of recent divestitures, will not be realized or will be other than anticipated, (p) the effects of contractions in credit availability, as well as the ability of STERIS's Customers and suppliers to adequately access the credit markets when needed, and (q) STERIS's ability to complete the acquisition of Key Surgical, including the fulfillment of closing conditions and obtaining financing, on terms satisfactory to STERIS or at all.
