STERIS CORPORATION NEWS ANNOUNCEMENT FOR IMMEDIATE RELEASE

STERIS CORPORATION ANNOUNCES FISCAL 2006 FIRST QUARTER RESULTS

Mentor, Ohio (August 9, 2005) - STERIS Corporation (NYSE: STE) today announced financial results for its fiscal 2006 first quarter ended June 30, 2005. For the first quarter, revenues increased 9% to \$276.7 million compared with \$254.8 million in the first quarter of fiscal 2005. Operating income was \$27.2 million compared with \$28.0 million last year. Net income was \$17.3 million, or \$0.25 per diluted share, compared with net income of \$17.6 million, or \$0.25 per diluted share, in the first quarter of fiscal 2005.

"This was another solid quarter of revenue growth for the Healthcare and Isomedix segments while we continue to work through weak demand in Europe for Life Sciences," said Les C. Vinney, STERIS's president and chief executive officer. "Our most recent acquisitions are contributing strongly to our overall growth and the integration of those businesses is progressing well. On the cost side this quarter, we continued to face a headwind of increased raw material costs, and we had increased expenses associated with integrating our newly acquired businesses. We expect performance trends for our business to improve for the remainder of the year. Our cash flow from operations remained very strong this quarter and bodes well for the year. During the quarter, we utilized a portion of that cash by initiating our first quarterly dividend and increasing our share repurchase activity, further reflecting the flexibility STERIS has to return value to shareholders."

Segment Results

As STERIS continues the evolution of reporting for its business segments, the Company has made a change in the reporting of its global service business which impacts the revenue and operating income of the Healthcare and Life Sciences segments, effective April 1, 2005. The revenue and operating income amounts have been adjusted in each segment to reflect these changes and fiscal 2005 amounts have been reclassified to conform to the fiscal 2006 presentation. A detailed breakout of the change is included with the financials at the end of this release.

STERIS Corporation News Announcement Page 2

Healthcare revenues increased 10% to \$185.8 million compared with the first quarter of fiscal 2005. Revenue growth in the quarter was largely driven by double-digit growth in recurring revenue from consumables and service. In addition, international growth was strong within the Healthcare business segment. Acquisitions contributed 4% to the revenue growth rate. Operating income declined 6% to \$23.2 million, as increased raw material costs impacted gross margins, and recently acquired companies drove an increase in operating expenses.

Life Sciences first quarter revenues were \$58.4 million, a decline of 6% compared with the first quarter of fiscal 2005. The decline in revenues stemmed largely from reduced demand for capital equipment, particularly in the European market. Partially offsetting that, consumable revenues grew at a double-digit level compared with the prior year quarter. Life Sciences reported an operating loss of \$2.3 million in the quarter, compared with an operating loss of \$1.8 million in the first quarter of fiscal 2005. The operating loss was primarily driven by lower volume levels for capital equipment.

First quarter revenues for Isomedix Services increased 33% to \$32.5 million compared with the same period last year. Organic revenue growth was solid at 7%, with the remainder of the growth attributable to the acquisition of certain assets from Cosmed during the fourth quarter of fiscal 2005. Operating income increased 28% to \$6.3 million.

Cash Flow

Cash provided by operations in the first quarter of fiscal 2006 was \$41.1 million, compared with \$42.2 million in the first quarter of fiscal 2005. Free cash flow, defined as operating cash flow less capital expenditures, was \$32.9 million in the first quarter of fiscal 2006, compared with free cash flow of \$31.7 million in the prior year first quarter. Capital expenditures in the first quarter of fiscal 2006 were \$8.1 million, compared with \$10.5 million in last year's first quarter.

STERIS Corporation News Announcement Page 3

During the quarter, the Company repurchased 1,623,300 shares of its common stock at an average price of \$24.27 per common share for a total cash amount of \$39.4 million. At the end of the quarter, approximately 1.1 million common shares remained under the Company's currently authorized share repurchase program.

Outlook

Based upon first quarter results and current anticipated trends, the Company continues to expect revenue growth for fiscal 2006 to be in the range of 7-9% and earnings to be in the range of \$1.37 to \$1.42 per diluted share. For the second quarter of fiscal 2006, the Company currently anticipates revenue growth of 7-9%, and earnings in the range of \$0.26 to \$0.28 per diluted share.
